Skin Therapy Shaving System By *Shaver's Choice*™

I tried your shaving system and it is wonderful. I'll have to order more of it. Hopefully you'll be able to get it into more drug stores and some national chains!

I just wanted to send a quick note thanking you for telling me about Shaver's Choice! I shave daily, and working in the Arizona summer's can be pretty tough on my skin. I would have problems with razor bumps that would get very irritating, literally. Since using your product, I have gotten great close shaves without the irritation. Your Product is The Best. Hopefully you'll catch one of our games; I'll be the clean "bald" man in the dugout !! **Paul Lessard, Head Athletic Trainer, Arizona Diamondbacks (now with Boston Red Sox)**

I have used your products for many years now and still get a great shave without razor bumps and ingrown hair. Any man who shaves his head needs these products.

A man's confidence is on his face. Razor bumps and acne can destroy that. Shaver's Choice works. It will give you a bagful of confidence.

It was a pleasure meeting you last week at Power 105.1. I must say, the shaving gel is outrageous! The funny thing is that my girlfriend noticed!!!
